Community Mental Health (26)

The Department of Community Mental Health is mandated to ensure the provision of community based preventive, rehabilitative and treatment services for those with mental illnesses, developmental disabilities and substance abuse. The Department is required to operate under the following New York State Laws and State Codes, Rules and Regulations:

Programs and Services

Responsible for community preventive, rehabilitative, and treatment services offering continuity of care for those with mental illnesses, developmental disabilities and substance abuse, and to plan for the integration of community and state services and facilities.

County is responsible for individuals who are not fit to proceed in court or are ill in jail and in need of inpatient treatment or those who are not accountable for their crimes due to their mental illness.

Assisted Outpatient Treatment allows the county to obtain a court order to require a person to comply with a specific treatment plan.

County is responsible to authorize transporting an individual in crisis in the community to a community hospital.

NYS Expanded PINS

New York Secure Ammunition and Firearms Enforcement Act (NY SAFE Act)

Requires designated mental health professionals who believe a mental health patient made a credible threat of harming others to report the threat to the Mental Health Director, who would then have to report serious threats to the State Department of Criminal Justice Services.
