

## Department Of Health (27)

- ✓ Comply with NYS Bureau of Early Intervention regulatory changes adopted February 14, 2024. Changes affect delivery of Toddler Group Developmental ratios and provision of related services. Issued guidance and reviewed provider plans to ensure compliance with implementation of the NYS EI revised rulemaking for the delivery of group services effective September 1, 2024.
- ✓ Comply with NYS Bureau of Early Intervention regulatory changes adopted February 14, 2024 on requirements for Multidisciplinary Evaluation, effective September 1, 2024. Changes affect MDE team configurations and supplemental evaluations needed for initial EIP eligibility determinations.

### DEPARTMENT ACCOMPLISHMENTS:

- ✓ Successfully performed an expanded TB contact investigation of 165 individuals who were exposed to a positive individual.
- ✓ Implemented a new multi-swab in our Sexual Health clinic that allows providers to diagnose pathogens such as Mycoplasma Genitalium and Trichomonas.
- ✓ Hosted two “Community Conversation” health summits attended by nearly 200 participants from 150 partner organizations, more than doubling the total amount of both participants and organizations from last budget cycle. These forums provide opportunities for cross sector collaboration and support our initiatives.
- ✓ Hosted the Annual Children's Camp Workshop where supervision and credentialing topics, along with new state regulations around AED site requirements for regulated facilities were discussed with camp operators.
- ✓ Streamlined the Radiation/X-ray inspection program which decreased the number of facilities WCDH now inspects from 984 to 218. NYS will handle the inspections WCDH is no longer responsible for, allowing for more effective use of staff for mandated programs.
- ✓ Worked with the Department of Emergency Management to develop an Air Quality Index Protective Action Matrix for the county. This matrix will help clarify when messaging about outdoor air quality will be relayed to various partner agencies and the public about protective action measures.
- ✓
- ✓ Provided close to 1,500 residents with free Narcan kits this budget cycle and one-on-one trainings through a partnership with the Westchester Syringe Exchange. WCDH also provided over 450 Narcan kits to municipal police departments. Since program inception in 2015, nearly 11,500 community members have been trained.
- ✓ Provided 11 Naloxboxes to housing shelters and the Department of Labs and Research. A total of 30 Naloxboxes have now been placed in high need locations. Naloxboxes house Narcan kits, along with instructions for use, which expands community access to Narcan.
- ✓ Continued with our Trauma-Informed Organizational Change and Leadership Development project to address the well-being of staff and the clients we serve. This initiative includes leadership development, creation of a Champions task force, quarterly all-staff trainings, coaching for division heads and data analytics and program evaluation.
- ✓ Developed a 4-year Strategic Plan with staff and community input which provides a clear framework for decision-making, resource allocation and performance measurements that support short and long-term goals and success.
- ✓ Launched a DEIB initiative to foster a diverse, inclusive and equitable workplace that values all employees, and promotes these principles across all WCDH divisions and programs. Accomplishments include the establishment of a DEIB Advisory Group comprising 17 members across divisions and roles, and the development and implementation of a departmental needs assessment survey to guide further work
- ✓ Participated in a NYSDOH-Bureau of Early Intervention Annual Performance Review (APR) to ensure compliance with federal indicators required by OSEP. Based on the review findings, Westchester County successfully met requirements for 2022- 2023.
- ✓ Successfully Implement eSTAC, an electronic data entry system which allows 42 school districts to electronically transmit preschool special education program data directly into the State Education Department eSTAC system. This system eliminates manual duplication of data entry and allows County staff to rectify discrepancies and confirm agreements between STAC and IEP in real time to ensure accurate school district program approvals and prompt payment of authorized services.

## Department Of Health (27)

- ✓ Successfully support Medicaid claiming and electronic Medicaid claiming processes

### GRANT INITIATIVES:

- ✓ Comply with state mandates to increase protective measures for children with elevated blood lead levels and ensure the reduction and remediation of lead based paint hazards in Westchester County housing stock.
- ✓ Awarded a \$3.46 million, two-year grant from the Housing Trust Fund Corporation to be used in conjunction with other childhood lead-poisoning reduction initiatives where remediation is needed in a dwelling unit found to have conditions conducive to lead poisoning.
- ✓ Awarded annually \$1.37 million, five-year grant from the New York State Department of Health for the Lead Rental Registry program. Funds will be used for hiring staff to inspect buildings with two or more units built before 1980 that are located in Yonkers, Mount Vernon and New Rochelle.
- ✓ Awarded funds from the NYS JUUL settlement to support anti-vape enforcement and education initiatives.
- ✓ Purchased air purifier replacement filters for the K-12 schools that previously received units and purchased new air purifier units for shelters and for schools for children with special needs.
- ✓ Awarded a \$15.2 million, five year WIC grant to continue the Woman, Infants, and Children (WIC) supplemental nutrition program. Funding will be used to promote and maintain the health and well-being of nutritionally at risk pregnant, breastfeeding, and postpartum women, infants and children by providing nutritious food, health education, and referral services to eligible individuals.
- ✓ Awarded a \$1.7 million, two-year COVID-19 Vaccine Response Grant (ends June 2024) to promote vaccine awareness and uptake particularly in communities of high social vulnerability. Strategies include media, community outreach and community mobilization. Between July 2022 and June 2023, we administered 3,344 COVID-19 vaccines through these initiatives.

- ✓ Awarded a \$6.5 million, five-year Strengthening Infrastructure, Workforce and Data Systems grant (ends in 2027) to improve foundational capabilities to tackle future public health emergencies and address health inequities and disparities illuminated by the COVID-19 pandemic. Funds in Year 1 are being used to support staff training and development and purchase data visualization computer software licenses and updated furniture for our Yonkers clinic.
- ✓ Awarded a \$48,944 grant to assess the severity, prevalence, distribution, and the impact of Long COVID on the lives of Westchester County's minority populations. The survey results will better position Westchester County to support the needs of its residents and their ability to overcome the medical, psychosocial, and economic consequences of Long COVID. The contract period is May 1, 2023 to February 15, 2024.
- ✓ Received increased funding to support HIV adherence to care and STI case investigation and management.

### REVENUES:

- ✓ The Health Department collects departmental revenues from three major sources: clinical services, environmental health permits, and penalties. Clinical service revenues are generated by billing to Medicaid. Environmental permit fees are established by determining the cost of issuing the permits and the related costs for inspection and enforcement. Services to Children with Special Needs revenues are generated by claiming preschool Medicaid, initial service coordination activities, SED 611/619 flow through funds and State Aid. Funds are also received from local districts for departmental administrative costs.
- ✓ State Aid reimbursement is based on a percentage of the total eligible expenditures determined by the State Health Department, the State Education Department, and the State Legislature and has varied in recent years.

## Department Of Health (27)

- ✓ Grants -The Health Department receives grant funding for close to twenty programs from various outside government agencies including the New York State Department of Health and the New York City Department of Environmental Protection. These funds support and enhance the Department's various public health activities including nutrition, emergency preparedness, children with special needs, drinking water protection, lead poisoning prevention services, Ryan White HIV/AIDS Treatment services, Tuberculosis control, and adolescent tobacco use and prevention.
