

Department Of Public Works (46)

The Department of Public Works and Transportation - Public Works Division is New York State government's agent for the maintenance and management of the New York State Courts under the New York State Court Facilities Act. Under the New York State Highway Law, the Department is required to maintain all County roadways. In order to be eligible for full State aid, counties are required to maintain a maintenance of effort for all court facilities and roadways. Federal laws controlling navigable waterways require that the Fulton Ave. bascule bridge be maintained and operated without hindrance to marine traffic. The Department, therefore, is required to operate under the following U.S. and New York State Laws and Codes, Rules and Regulations:

Programs and Services

Court Facilities

Road Maintenance (Including Highway Superintendent)

Fulton Avenue Bridge

State Law or Regulations

NYS Unified Court System, Chapter 686 Laws of 1986.

NYS Highway Law Section 100.

Navigation and Navigable Water laws of the U.S., Title 33, Chapter 11, Sub Chapter I (499)

Department Of Public Works (46)

PROGRAM AREA AND SERVICES:

GENERAL GOVERNMENT SUPPORT

- ✓ Engineering services for repair and rehabilitation of County roads, bridges, parks, buildings, and structures.
- ✓ Maintenance and repair of County owned and leased buildings to provide a clean, safe and comfortable environment for the public, County staff and tenants.
- ✓ Maintenance, repair and snow removal on County roads and bridges to provide a safe, properly maintained County road system for the traveling public.
- ✓ Purchasing, maintenance and repair of vehicles and motor equipment that are energy-efficient, safe and dependable to support County programs.
- ✓ Management of the capital program and oversight of construction projects for all County departments including Parks Recreation and Conservation, Environmental Facilities, Corrections, in addition to oversight of other County real estate projects.

PUBLIC HEALTH & SAFETY

- ✓ Administers the Plan 4 Safety Community Traffic Program to increase public awareness about traffic safety through County-wide partnerships.

DEPARTMENT INITIATIVES:

NEW

- ✓ Plan and install electric vehicle charging infrastructure on County owned property.
- ✓ Support electric vehicle charging projects throughout the County by working with municipalities.
- ✓ Establish a program for building code review and inspection of eligible construction projects on County property in compliance with the Building Code of New York State.

ON-GOING

- ✓ Systematically replace eligible vehicles solely powered by gasoline or hybrid powered vehicles with plug-in hybrid or fully electric vehicles.
- ✓ Utilize a road maintenance service contract to repave sections of roads that have degraded at a faster rate than the remainder of the road and increase the longevity of the road between capital improvements.
- ✓ Focus on increasing operational efficiencies and identifying cost savings during the upcoming fiscal years in support of the County's cost cutting efforts.
- ✓ Continue to work with County departments to modify employee workspaces in accordance with changing needs.
- ✓ Spearhead ambitious County-wide Capital Program to spur economic development in Westchester.
- ✓ Encourage sustainability in County capital projects with the goal of exceeding standards and reducing the County's carbon footprint. The Department has partnered with NYPA on numerous projects involving lighting and HVAC upgrades, as well as battery storage demonstration projects.
- ✓ Support the MWBE Program for Minority- and Women-Owned businesses and Service-Disabled-Veteran-Owned-Businesses to increase participation in County projects.
- ✓ Continue partnering with local governments to share resources and information in order to increase government efficiency and minimize cost to taxpayers. Areas of interest have been our "Nitrogen in Tires" program, salt brine, hybrid vehicles, standardized agreements, shared consultant lists, project labor agreements, model bidder specifications and minority contractor listings.
- ✓ Continue NACO-award winning Westchester Educational Safety Training (WEST) program to teach and implement best practices in selecting, purchasing, installing, operating, maintaining and repairing safety equipment and vehicles used by emergency responders throughout Westchester.

Department Of Public Works (46)

- ✓ Evaluate the County fleet of approximately 1,700 vehicles and motorized equipment to “right-size” the number and vehicle types including conversion of fleet to hybrid or fully electric vehicles. The goal is to achieve maximum reliability and carefully tailor each vehicle to the intended use. Result - more efficient use of funding for vehicle acquisition and operation.
- ✓ Implement GPS tracking systems to allow DPW to identify cars that deviate from their official destination(s) and/or exceed speed limits. In conjunction with follow-up by the Vehicle Safety Review Board, this has reduced abuse of County vehicles, will encourage safe driving, and is aimed at reducing accidents involving County vehicles.

DEPARTMENT ACCOMPLISHMENTS:

ON-GOING

- ✓ Enter into an agreement with a factory authorized vehicle repair service to supplement the in-house vehicle repair garage to ensure a faster turnaround and minimize downtime of vehicles on an as needed basis.
- ✓ Make a concerted effort to improve efficient operation and maintenance of buildings, parking structures, and grounds in White Plains, the Grasslands Campus, and buildings owned throughout Westchester.
- ✓ Maintain and ensure safe condition of County roads and bridges.
- ✓ Continue to optimize motor pool efficiency by adjusting distribution of fleet vehicles among 13 motor pool locations to match changing needs for service.
- ✓ Continue to minimize the number of vehicle-related injuries and fatalities and increase public awareness of traffic safety within the County by providing safety information and educational programs targeting car occupant restraint, pedestrian safety, bicycle and helmet safety and school bus safety.
- ✓ Maintain UV filtration in office building ventilation systems that could be retrofitted.
- ✓ Established on-call consulting agreements to streamline the consultant engagement process.

- ✓ Perform succession planning and recruitment to address pending and anticipated retirements.
- ✓ Develop project database to facilitate management of the capital construction program.

REVENUES:

- ✓ Departmental Revenue
 - ◆ Rents are collected from County departments based on actual rental agreements and by prorating gross maintenance expense on a uniform basis of square footage of space occupied.
 - ◆ Revenues collected from operations of the Valhalla campus are based on actual services provided, operations of the central heating plant, electric charges and actual repair and contract expenses.
 - ◆ For repairs to vehicles and equipment, an hourly rate for mechanics' services is charged.
 - ◆ The county auto fleet is charged based on an annual rate for cars dedicated to user departments and on an hourly basis for the motor pool fleet.
- ✓ Interdepartmental Revenues
 - ◆ General Fund County departments are charged a per square foot rate for space occupied in County leased and owned buildings.
 - ◆ Repairs to vehicles/equipment are billed at an hourly rate to departments who use Garage services. Use of Motor Pool vehicles is also billed based on the length of time the vehicle is used.
- ✓ State Aid
 - ◆ Consolidated Highway Improvement Program (CHIPS) funds are received on a formula reimbursement basis; the formula takes

Department Of Public Works (46)

into account County Capital and operating costs, lane miles of road and auto registrations.

- ◆ State Aid funds are received for the Pave Our Potholes (POP) Program to resurface and renew roadway payments.
- ◆ State Aid to partially reimburse the County for Court program costs is booked as Miscellaneous revenue.
- ✓ Grant Funds are administered to enable the County to provide safety and education programs that increase public awareness of traffic safety issues.
