Westchester County

Airport (44)

Mission Statement

The mission of the Westchester County Airport is to provide a safe, secure, and healthy environment that optimizes efficiencies and experience for the community's air travel and enhances the region's economic vitality. The Airport is committed to achieving excellence through best management practices in environmental protection, operational safety and security.

Airport (44)

PROGRAM AREA AND SERVICES:

STRATEGIC PRIORITIES

- ✓ Ensure Airport safety, security, and health for business continuity
- ✓ Effectively manage aircraft and support operations to optimize the County's economic vitality
- ✓ Elevate environmental stewardship
- ✓ Demonstrate leadership in sustainability practices
- ✓ Support the health, morale and welfare of approximately 2,300 full and part-time employees
- ✓ Manage Airport capital projects to ensure optimized returns on investment

DEPARTMENT INITIATIVES:

NEW

- ✓ Engage in an emissions study and seek Level 1 Airport Carbon Accreditation certification
- ✓ Transition to renewable diesel to reduce carbon emissions from existing vehicles and equipment
- ✓ Implement Aviation Worker Screening to help mitigate insider security threats per TSA National Amendment 23-02
- ✓ Reinforce the airport power grid with testing, inspections, and preventative maintenance to lessen occurrences of outages that lead to service interruptions
- ✓ Study, design and replace the wayfinding layout and signage inside the passenger terminal

ON-GOING

- ✓ Airport Master Plan Update process
- ✓ Terminal Use Agreement (TUA) negotiations
- ✓ In partnership with the Council of Persons with Disabilities, enhance the passenger experience through special needs initiatives

- ✓ Explore viable sustainable fuel solutions for both jet and piston aircraft
- ✓ Continue Per-Polyfluoroalkyl Substances (PFAS) remediation efforts in the Brownfield Cleanup Program
- ✓ Continue the County's commitment to environmental excellence through the Airport Environmental Management System and ISO 14001 certification
- ✓ Reinforce the importance of the Voluntary Restraint from Flying (VRFF) during the hours of midnight - 6:30 am
- ✓ Proactively manage the water quality monitoring program and permitting process
- ✓ Maintain rigorous security and public safety standards to ensure a safe and secure facility for the traveling public, corporate customers, and employees.
- ✓ Assure best practices and cyber infrastructure to prevent cybersecurity breaches
- ✓ Identify and upgrade utilities and critical infrastructure to meet industry standards and to extend their useful life
- ✓ Convert various facilities' heating systems from fuel oil to natural gas
- ✓ Upgrade water service with replacement of water mains, pump houses and backflow buildings to improve the water supply for both domestic and fire protection
- ✓ Create and implement an FAA Safety Management System
- ✓ Develop an active shooter response plan in partnership with Department of Emergency Services
- ✓ Construct the Snow Removal Equipment (SRE) storage building
- ✓ Replace end of life airfield lighting equipment to maintain safe aircraft operations during nighttime and inclement weather operations
- ✓ Install additional electric vehicle charging stations

Airport (44)

DEPARTMENT ACCOMPLISHMENTS:

NEW

- ✓ Achieved multiple successful results from air carrier audits
- ✓ Enhanced the boarding process and post-security hold room area for a more intuitive and comfortable passenger experience
- ✓ Established a team of Landside Operations personnel to provide customer service, contract services oversight, and quality checks in the passenger terminal, vehicular parking, roadways, sidewalks and rental car operation
- ✓ Upgraded flight information display systems in passenger terminal
- ✓ Implemented a preventative maintenance program for the airport's electrical grid/infrastructure
- ✓ Implemented an FAA-approved safety management system (SMS)

ON-GOING

- ✓ Maintain the Airport's status as fiscally self-sustaining without recourse to tax levy funds
- ✓ Continue enforcement of the Terminal Use Regulations (TUR) governing air carrier access
- ✓ Provide safe ground handling and excellent customer service for air carrier operations
- ✓ Ensure safety and security regulatory compliance with the FAA's Airport Certification Manual and the TSA's Airport Security Program, respectively, and effective collaboration with the Customs and Border Protection (CBP) and other partner agencies
- ✓ Continue industry leadership in developing best management practices for environmental, safety and security
- ✓ Support county departments and community organizations by hosting/facilitating airport tours

REVENUES:

- ✓ The Airport became a Special Revenue Fund effective January 1, 1998. The Airport generates revenue through a variety of sources including corporate hangar rentals, ground handling fees and concession fees. Office and hangar rental rates for tenants are based on square footage occupied. A competitive rate is based upon market analysis; additional expenses (utilities, taxes) and general facility maintenance are paid by the tenant.
- ✓ The commercial airlines operate under the restriction identified in the Terminal Use Agreements (TUA). All ground handling fees are charged to the airline community through their TUA. Ground handling rates, which cover all baggage handling, ramp operations, security and aircraft servicing, are determined by the airport operator based on operating costs plus overhead. Optional aircraft services such as aircraft towing, overnight parking, aircraft deicing/anti-icing, and special services generate additional fees. These rates are charged by the type of aircraft and the frequency of scheduled flights. Concessionaire fees are collected for rental of space by car rental agencies, food service companies and parking operations. Fees may be negotiated on a flat rate basis and/or a percentage of gross receipts.
- ✓ As a publicly controlled commercial airport, the Airport is permitted by the Federal Aviation Administration (FAA) to collect Passenger Facility Charges (PFCs) for every eligible passenger. The revenue generated through the PFC program is restricted to use for capital projects that are eligible under the FAA Airport Improvement Program (AIP).
- ✓ Other revenues to the Airport include fuel flowage fees, which are fees charged to the fixed base operators for each gallon of fuel pumped, transient aircraft landing and parking fees, operating cost recovery, and reimbursement of taxes.

Airport (44)
